BERRETTINI GROWTH FORMULA

PRODUCT CODE: T951AB

Berrettini Growth contains ingredients high in fat and fiber and low in sugar and starch (soluble carbohydrates). This type of diet has been shown through sound research to promote quick and solid growth as compared to traditional high-grain diets.

FEATURES:

- High levels of Nutritional Additives (organic trace minerals, probiotics, mycotoxin binder, digestive enzymes, yeast culture, bacterial binder, kelp meal, rice bran).
- Lower non-structural carbohydrate levels as compared to conventional grain-based feeds.

FEEDING DIRECTIONS:

Feed to growing horses along with free access to good quality pasture and/or hay, fresh, clean water and plenty of free exercise.

Nursing foals: Feed 1% of body weight up to 400 pounds.

Weanlings and older: Adjust the amount fed daily to maintain a moderate body condition level. If unsure of amount to feed, begin with 6 to 8 pounds daily divided into two or more feedings and adjust depending on the desired growth rate and body condition.

Ponies: Feed 50% less than recommendations for horses.
